

JPS Instructional Technology presents:

[G Suite for Education: Common Questions](#)

bit.ly/FAQ4GAPE

[For more about Google Apps for Education click here.](#)

The G Suite for Education (formerly called Google Apps for Education) [core services](#) are the heart of Google's educational offering to schools. The core services are Gmail (including Inbox by Gmail), Calendar, Classroom, Contacts, Drive, Docs, Forms, Groups, Sheets, Sites, Slides, Talk/Hangouts and Vault. These services are provided under the [G Suite agreement](#).

Schools can use G Suite core services in compliance with COPPA and FERPA. G Suite core services contain no advertising and do not use student data for advertising purposes.

More than 50 million students, teachers and administrators in almost every country in the world rely on G Suite to learn and work together. We are committed to protecting the privacy and security of all our users, including students.

Please note that there are additional services outside of the G Suite core services that G Suite users can access. These services are not governed by the Student Privacy Pledge or the G Suite agreement, so we may use student data in ways we would not for G Suite core services. For example, additional services may serve ads, and Google may use student data in these additional services on an anonymous, aggregate basis to improve our services. For G Suite users in primary/secondary (K-12) schools, Google does not use any user personal information (or any information associated with a Google Account) to target ads. Please review the [G Suite Privacy Notice](#), [Google Terms of Service](#) and [Google Privacy Policy](#). Learn more about the differences between core services and additional services below.

Does Google own school or student data?

No. Google doesn't assume ownership of any customer data in G Suite [core services](#), and it says so in our [contracts](#) (under "Intellectual Property"). We provide powerful, easy-to-use management tools and dashboards to help administrators keep track of their organization's services, usage and data. We only keep your personal information as long as you ask us to keep it. If an education department, school or university decides to stop using Google, we make it easy for them to [take their data](#) with them.

LEARN HOW TO TAKE DATA OUT OF GOOGLE
READ THE CONTRACT (SECTION ON "INTELLECTUAL PROPERTY")

Does Google sell data to third parties?

No. We don't sell your G Suite data to third parties, and we do not share personal information placed in our systems with third parties, except in the few exceptional circumstances described in the [G Suite agreement](#) and our [Privacy Policy](#), such as when you ask us to share it or when we are required to do so by law.

MORE ABOUT INFORMATION SHARING

Are there ads in G Suite?

No. There are no ads in the suite of G Suite [core services](#). Outside of the G Suite [Core Services](#), additional Google services may show ads, as described in the [G Suite Privacy Notice](#). For G Suite users in Primary/Secondary (K-12) schools, Google does not use any user personal information (or any information associated with a Google Account) to target ads.

Escuelas Públicas de Johnston

Tecnología de instrucción ~ Desbloqueo de permiso de cuenta de Google

Estimado Padre / Tutor,

Johnston Public Schools se compromete a proporcionar a los estudiantes los mejores recursos educativos y tecnología. Con este fin, estamos implementando un conjunto de aplicaciones en línea llamadas Google Apps for Education para integrar las herramientas tecnológicas del siglo XXI en el currículo. Esta integración de los planes de estudios y la tecnología llamada aprendizaje combinado es un programa de educación en el que los estudiantes aprenden al menos en parte a través de la entrega de contenido y de la instrucción a través de medios digitales y en línea con algún elemento de control sobre el tiempo, lugar, camino o ritmo.

Como con cualquier esfuerzo educativo, una asociación fuerte con las familias es esencial para una experiencia exitosa. Con esta carta estamos compartiendo información sobre el uso de Google Apps for Education (GAPE) y estamos solicitando permiso de sus padres para que su estudiante use Google Apps.

Los siguientes servicios están disponibles para cada estudiante y alojados por Google como parte de la presencia en línea de Johnston en Google Apps for Education (GAPE):

- Docs - un conjunto de herramientas de procesamiento de textos, hoja de cálculo, dibujo y presentación que es muy similar a Microsoft Office
- Diapositivas: una herramienta de presentación en línea similar a PowerPoint
- Drive - almacenamiento para toda la tecnología creada trabajo
- Clase - herramienta de comunicación de profesor / alumno en línea
- Calendario - un calendario individual que proporciona la capacidad de organizar horarios, actividades diarias y tareas

Usando estas herramientas, los estudiantes crean, editan y comparten archivos y sitios web para proyectos relacionados con la escuela y se comunican por correo electrónico con otros estudiantes y maestros. Estos servicios están completamente en línea y están disponibles 24/7 desde cualquier computadora conectada a Internet. Los estudiantes tendrán capacitación sobre cómo usar Google Apps for Education y seguirán utilizando estas herramientas durante el año escolar para aumentar la calidad de la enseñanza y el aprendizaje.

El acceso y uso de la cuenta de Google del estudiante se considera un privilegio. Johnston Public Schools se reserva el derecho de cancelar el acceso y el uso de cualquier cuenta de Google cuando exista razón para creer que se han producido violaciones de la ley o políticas del distrito.

Estamos entusiasmados con la implementación de Google Apps for Education. Por favor devuelva el formulario de permiso para que podamos comenzar el proceso.

____ Sí, doy permiso para que se le asigne a mi hijo una cuenta completa de Google Apps for Education de Johnston Public Schools. Esto significa que mi hijo recibirá una cuenta de correo electrónico, acceso a Google Apps, como documentos, diapositivas, unidad, aula, calendario y otras herramientas GAPE.

____ NO, no doy permiso para que mi hijo reciba una cuenta completa de Google Apps for Education de Johnston Public Schools. Esto significa que mi hijo NO recibirá una cuenta de correo electrónico, acceso a documentos, diapositivas, unidad, aula, calendario y otras herramientas GAPE. (Necesita más información, consulte bit.ly/FAQ4GAPE)

Johnston Public Schools

Instructional Technology ~ Google Account Permission Slip

Dear Parent/Guardian,

Johnston Public Schools is committed to providing students with the best educational resources and technology. Toward this end, we are implementing a suite of online applications called Google Apps for Education to integrate 21st century technology tools into the curriculum. This integration of curricula and technology called **blended learning** is an education program in which students learn at least in part through delivery of content and instruction via digital and online media with some element of control over time, place, path, or pace.

As with any educational endeavor, a strong partnership with families is essential to a successful experience. With this letter we are sharing information regarding the use of Google Apps for Education (GAFE) and are requesting your parental permission for your student to use Google Apps.

The following services are available to each student and hosted by Google as part of Johnston's online presence in Google Apps for Education (GAFE):

- Docs - a word processing, spreadsheet, drawing and presentation toolset that is very similar to Microsoft Office
- Slides - an online presentation tool similar to PowerPoint
- Drive - storage for all technology created work
- Classroom- online teacher/student communication tool
- Calendar - an individual calendar providing the ability to organize schedules, daily activities, and assignments

Using these tools, students collaboratively create, edit and share files and websites for school related projects and communicate via email with other students and teachers. These services are entirely online and available 24/7 from any Internet-connected computer. Students will have training on how to use Google Apps for Education and will continue to use these tools throughout the school year to increase the quality of teaching and learning.

Access to and use of the student's Google account is considered a privilege. Johnston Public Schools maintains the right to terminate the access and use of any Google account when there is reason to believe that violations of law or district policies have occurred.

We are excited about implementing Google Apps for Education. Please return the permission form so that we may begin the process.

____YES, I give permission for my child to be assigned a full Johnston Public Schools Google Apps for Education account. This means my child will receive an email account, access to Google Apps such as Docs, Slides, Drive, Classroom, Calendar, and other GAFE tools.

____NO, I do not give permission for my child to be assigned a full Johnston Public Schools Google Apps for Education account. This means my child will NOT receive an email account, access to Docs, Slides, Drive, Classroom, Calendar, and other GAFE tools. (Need more information, please refer to **bit.ly/FAQ4GAFE**)
